The map shows a natural reserve (Naturresevat) outlined in red, situated near a large body of water (Vatten) on the right. The reserve contains several land use types: a parking area (Parkeringsplats) marked with a blue 'P' and a red dot (Tavlans plats), a path (Stig) shown as a dotted line, and various forest types including deciduous forest (Lövsog) with a green dotted pattern, mixed forest (Barr- och blandskog) with a solid green pattern, and other open land (Annan öppen mark) in light yellow. Agricultural fields (Åker) are shown in olive green. The surrounding area includes more open land and forest. A scale bar indicates 0, 50, and 100 meters, and a north arrow is present.
